INTRODUCTION

Section 63.2-1716 of the *Code of Virginia* (Code) exempts from licensure child day centers operated or conducted under the auspices of a religious institution. If a child day center operated by or conducted under the auspices of a religious institution chooses not to be licensed, certain documentation must be filed annually with the Virginia Department of Social Services. In addition, the Code outlines the other requirements that exempt child day centers must meet.

The information that follows serves to explain the documentation and other requirements set out in the exemption law.

Section I - REQUIRED DOCUMENTATION provides a detailed explanation of each item of documentation required to be submitted to the field licensing office serving your area. A listing of field licensing offices is included in Section VI. A checklist is included at the end of this section to assist you in monitoring completed requirements.

Section II - CODE COMPLIANCE STATEMENTS provides a detailed explanation of the "Statement of Code Compliance," one of the forms certifying information that must be submitted to the Department on an annual basis.

Section III - BACKGROUND CHECKS explains the requirements for background checks for exempt child day centers. Section 63.2-1724 of the Code outlines the requirements for unlicensed centers.

Section IV - ON-SITE VISITS AND INSPECTIONS provides general information regarding visits and inspections by staff of the Department of Social Services, Division of Licensing Programs. The Code authorizes visits and inspections by staff of the Virginia Department of Social Services to exempt child day centers under certain circumstances.

Section V - FORMS includes model forms that may be used to file the required documentation for religious exemption. Although a few extra copies of the forms will be provided upon request, you are primarily responsible for making copies as needed.

Section VI - CODES, REFERENCES AND RESOURCES contains related code citations, reference, resource and technical assistance information that may be of assistance to you.

Please read this packet of information carefully. Paying close attention to the details contained in the packet will prevent delays in processing your exemption documentation.

SECTION I

REQUIRED DOCUMENTATION

REQUIRED DOCUMENTATION

STATEMENT OF INTENT

A statement must be prepared **ANNUALLY** by the sponsoring religious institution conveying its intent to begin or continue operation of a child day center. You may copy, complete and return the Statement of Intent form included in Section V. If this form is not used, the statement may simply read as follows:

The (sponsoring religious institution) intends to operate the
(name of child day center) during 20_ /20 for children
ages ____ through ____ . The maximum number of children
that may be served is ____ .

An administrator of the religious institution such as the pastor, priest, rabbi, or an officer of the board of directors of the sponsoring religious institution **MUST** sign this statement.

CERTIFICATION OF TAX EXEMPT STATUS

The tax exempt status of the sponsoring religious institution must be certified by submitting either: 1) a statement from the local tax commissioner's or real estate assessor's office that the real property owned and exclusively occupied by the religious institution is exempt from local taxation or 2) a statement from the Internal Revenue Service that the religious institution has tax exempt status as a nonprofit religious institution in accordance with § 501 (c) of the Internal Revenue Code of 1954, as amended. The first statement is usually easier to obtain, but is only available to the religious institutions that own the property in which the center is located. The second statement may be requested from the IRS office nearest you.

Certification of tax exempt status is usually required only at the time of initial filing. Your tax exempt status **MUST** be re-certified if the sponsoring religious institution relocates or there is a change of ownership.

NOTE: The Code requires tax exempt status as a nonprofit religious institution; not just the 501(c)(3) status.

LOCAL HEALTH REPORT - REPORT OF SANITARY INSPECTION

The child day center must be inspected and approved **ANNUALLY** by an official from your local health department. The inspection must be current within 90 days of the date you submit your exemption documentation initially and within the prior 180 days of the date of submission thereafter. Call your local health department to request an inspection, and provide the inspecting health official with a "Report of Environmental Health Inspection" form. (A copy of the form is included in this booklet, however many health departments require an

original. Request the form from the field licensing office if necessary.) You should request receipt of a completed report from the inspecting health official and submit a copy of the report to the licensing office. Although the inspecting official may send the report directly to the licensing office, it is to your advantage to be aware of what has been submitted.

LOCAL HEALTH REPORT - FOOD ESTABLISHMENT INSPECTION REPORT

If your facility provides food services to a population of thirteen (13) or more children, you must also submit a completed "Foodservice Establishment Inspection Report". This form will be provided by the health inspector. A report of the official's inspection and approval must be current within 90 days of the date you submit your exemption documentation initially and within the prior 180 days of the date of submission thereafter.

If your hours of operation are such that food services are not provided, you will want to discuss this with the health inspector. A Foodservice Establishment Inspection may not be necessary.

LOCAL FIRE REPORT

The child day center must be inspected and approved ANNUALLY by an inspector from an authorized Fire Prevention Bureau or by the Office of the State Fire Marshal. You may contact your regional office of the State Fire Marshal to determine who has jurisdiction to perform the annual inspection. You may provide the inspector with a Fire Inspection Report Form. (A copy of the form is included in this booklet, however many fire departments require an original. Contact the field licensing office for the actual form, if necessary.) The inspection must be current within 90 days of the date you submit your initial exemption documentation and within the prior 180 days of the date of submission thereafter.

BUILDING INSPECTOR'S REPORT (CERTIFICATE OF OCCUPANCY) OR STATE FIRE MARSHAL'S REPORT

The building in which your child day center is located is subject to building regulations as established by the Commonwealth of Virginia. The building regulation applicable to your center is determined by the date your program was established. Programs established prior to September 1, 1973 are regulated under the Virginia Public Building Safety Regulations. Programs established after September 1, 1973 are regulated under the Virginia Uniform Statewide Building Code.

Call your local building official for assistance in determining the regulations that apply to your building. If you determine that the local building official does not have jurisdiction over your building, contact the regional office of the State Fire Marshal representing your locality.

Your local building official (or the State Fire Marshal) must be informed of the age range of the children you intend to enroll in your center. Special building requirements apply to

children ages 2 ½ to 5 years, and additional requirements apply to children under the age of 2 ½ years.

Included in Section V is a "Building Inspection Request form. If you are unable to locate the Certificate of Occupancy for your building, or if your building was built prior to September 1, 1973, and no Certificate of Occupancy was issued, you should contact the regional licensing office and ask for an original "Building Inspection Request" form and ask the local building official or the State Fire Marshal to complete this form.

A copy of your Certificate of Occupancy is one of the items of required documentation that must be submitted for religious exemption. This document is only required to be submitted for initial exemption, unless changes occur which require modification.

VERIFICATION OF REQUIRED STAFF/CHILD RATIOS

The exemption law requires that the following staff/child ratios be maintained:

- One staff member to four children from zero to twenty-four months;
- One staff member to ten children ages twenty-four months to six years; and
- One staff member to twenty-five children ages six years and older.

Please note that additional staff are required when the number of children exceeds the required ratio by one or more. For example:

Birth to 24 months:	1 staff required for 1-4 children
	2 staff required for 5-8 children
	3 staff required for 9-12 children
2 to 6 years:	1 staff required for 1-10 children
	2 staff required for 11-20 children
	3 staff required for 21-30 children
6 years of age and older	1 staff required for 1-25 children
	2 staff required for 26-50 children
	3 staff required for 51-75 children

Other requirements:

- Staff are counted in the staff-to-children ratio only when they are directly supervising children;
- In each grouping of children, at least one adult staff member must be regularly present;
- Staff members must be at least 16 years of age;
- Staff members under 18 years of age must be under the supervision of an adult staff member, and
- Adult staff members may supervise no more than 2 staff members under 18 years of age at any one time.

The "Staff/Child Ratio Information Sheet" may be copied, completed and submitted on an annual basis. The use of this form is recommended, but not mandatory. You may use your own format to submit this information.

Your enrollment and staffing must be documented accurately. The instructions on the "Staff/Child Ratio Information Sheet" and the sample sheet accompanying it will provide guidance to properly verify your maintenance of the required staff/child ratios.

It is in your best interest to complete your exemption request promptly, since significant staff turnover and enrollment changes that occur during this process will require revision of the staff/child ratio information already submitted. If your center has not yet begun operation, you may provide estimates of your expected enrollment totals and staffing assignments. In the event that actual enrollment and staffing information differs significantly from your projections, the ACTUAL staff/child ratio information should be submitted.

STAFF HEALTH REPORTS

Upon beginning work and ANNUALLY thereafter, every staff person who supervises the children enrolled in your center must be certified by a practicing physician to be "free from any disability which would prevent him/her from caring for children." The "Staff Health Report - Physician's Statement," may be used to document the physician's certification. A copy of this form may be given to each employee to be certified by his/her examining physician and returned to you for your files.

Use of this form is recommended, but not mandatory. If another form is used, it must contain the statement quoted above. Effective September 13, 2004, §54.1-2957.02 states the signature of a nurse practitioner will be also accepted.

STATEMENT OF CODE COMPLIANCE

Section 63.2-1716, subsection A 5 of the Code, outlines the additional requirements exempt centers must comply with including background checks; reporting suspected child abuse and neglect; motor vehicle regulations; and the use of child restraint devices. Subsection A 6 requires the center to disclose certain information to the parents or guardians of the children enrolled in the center in a written statement and to make the information available to the general public. In addition subsection B, requires the establishment and implementation of certain procedures. The procedures and disclosure requirements are detailed in Section II and a copy of Section 63.2-1716 of the Code is provided in Section VI.

The center must certify on an ANNUAL basis that it is in compliance with these sections of the Code. The "Statement of Code Compliance" form may be used for this purpose. Use of this form is not mandatory.

SECTION II

CODE COMPLIANCE STATEMENTS

CODE COMPLIANCE STATEMENTS

WRITTEN DISCLOSURE TO PARENTS OR GUARDIANS THAT THE CENTER IS EXEMPT FROM LICENSURE

The center must disclose, in writing, to the parents or guardians of the children enrolled in the center the fact that it is exempt from licensure. A variety of methods may be used including, but not limited to, inclusion of this information in the center handbook, notification of parents by letter, or posting a statement in an area of the facility conspicuous to the public.

WRITTEN NOTICE TO PARENTS OR GUARDIANS OF STAFF QUALIFICATIONS

Describe the job qualifications that all of your staff must have, such as certain academic training, work experience, or personal attributes, before they will be hired. The qualifications are defined solely by the religious institution.

WRITTEN STATEMENT PROVIDED TO PARENTS OR GUARDIANS AND MADE AVAILABLE TO THE GENERAL PUBLIC REGARDING PHYSICAL FACILITIES

Provide a brief written description of your center's physical facilities, noting such features as the size of the building used, the number of rooms used by the center, the center's location, the condition of the building used, kitchen availability, play equipment, or any other significant features of your facilities.

WRITTEN STATEMENT PROVIDED TO PARENTS OR GUARDIANS AND MADE AVAILABLE TO THE GENERAL PUBLIC REGARDING ENROLLMENT CAPACITY

State the maximum number of children the center will enroll at any one time. Your local building official or other official may limit this number.

WRITTEN STATEMENT PROVIDED TO PARENTS OR GUARDIANS AND MADE AVAILABLE TO THE GENERAL PUBLIC REGARDING FOOD SERVICE

State whether or not you intend to offer food services and provide a brief description of the services offered (e.g., snacks, lunch, hot or cold foods).

WRITTEN STATEMENT PROVIDED TO PARENTS OR GUARDIANS AND MADE AVAILABLE TO THE GENERAL PUBLIC REGARDING HEALTH REQUIREMENTS FOR STAFF

You may simply state the exemption laws requirement that your staff be certified annually by a practicing physician to be free from any disability which would prevent them from caring for children. You should also describe any other health requirements for child care staff.

WRITTEN STATEMENT PROVIDED TO PARENTS OR GUARDIANS AND MADE AVAILABLE TO THE GENERAL PUBLIC REGARDING POSSESSION OF PUBLIC LIABILITY INSURANCE

You must disclose to the parents or guardians of the children enrolled in the center and the general public whether or not your center is covered by public liability insurance, which provides coverage in the event that someone brings suit against the religious institution for personal or bodily harm suffered during the operation of the center as a result of negligence. This type of insurance should not be confused with accidental injury insurance, which provides medical benefits to the injured regardless of whether a suit is filed or the injury was a result of the center's negligence. Most liability policies provide a minimum coverage of \$300,000.

A sample Public Disclosure Form is included in Section V.

ESTABLISHMENT AND IMPLEMENTATION OF HAND WASHING PROCEDURES

The center must establish and implement procedures for hand washing by staff and children before eating and after toileting and diapering.

Hand washing is the most important means of interrupting the transmission of infection among staff and children. While the law requires hand washing before eating and after toileting and diapering, health professionals also recommend hand washing upon arrival at the center by staff and children, upon return from outdoor play and when the hands have been in contact with any body secretion (e.g., nasal, oral secretions). Hand washing should also occur before preparing and serving food and after handling unclean surfaces.

ESTABLISHMENT AND IMPLEMENTATION OF PROCEDURES FOR APPROPRIATE SUPERVISION OF CHILDREN

The center must establish and implement procedures for appropriate supervision of all children in care, including daily intake and dismissal procedures to ensure the safety of children.

"Appropriate supervision" means compliance with the staff/child ratios, staffing and supervision requirements outlined in the Code and development and implementation of procedures to ensure the safety of children. Supervision includes training and oversight of staff to assure protection of the children and that the center's procedures for oversight and supervision are carried out

ESTABLISHMENT AND IMPLEMENTATION OF PROCEDURES FOR A DAILY SIMPLE HEALTH SCREENING AND EXCLUSION OF SICK CHILDREN

The center must establish and implement procedures for a daily simple health screening and exclusion of sick children by a person trained to perform such screenings.

"Daily health screening" is a health observation of children designed to alert staff to the signs and symptoms of an illness by promptly identifying changes in a child's pattern of behavior or physical appearance. Appropriate action may then be taken to protect the ill child from avoidable health risks and to prevent exposure of well children to an illness that might be contagious.

The daily observation may be completed by one or all of the following examples: looking at and touching the child's hands, cheeks; running the fingers behind the ears and down the neck glands for any sign of fever or swelling; looking at the eyes; checking for signs of a runny nose or coughing; and by noting any unexplained bruises or skin rashes.

The observation is done by a staff member who has obtained instruction in performing the daily health observation of children from a health care professional.

Other benefits of the daily health observation include identification of other conditions, such as vision, hearing, speech/language, or dental problems that may indicate the need for parents to consult their family physician for possible treatment or referral to a specialist. In addition, problems that affect the emotional well being of a child may also be detected by noting changes in behavior or appearance such as listlessness, lack of interest, temper tantrums or a lasting noticeable change in personality.

THE CENTER SHALL ESTABLISH AND IMPLEMENT PROCEDURES ENSURING A PERSON TRAINED AND CERTIFIED IN FIRST AID IS PRESENT AT THE CENTER WHENEVER CHILDREN ARE PRESENT

The center must establish and implement procedures to ensure that a person trained and certified in first aid is present at the center whenever children are present.

A person may receive training by attending a first aid course. The American Red Cross and the National Safety Council offer certification for persons who take and pass their first aid courses.

CENTER IS IN COMPLIANCE WITH THE IMMUNIZATION PROVISIONS OF SECTION 32.1-46 OF THE CODE

The center must establish and implement procedures to ensure that all children are in compliance with the provisions of Section 32.1-46 of the Code regarding immunization of children against diseases.

Section 32.1-46 of the Code lists the required vaccines, the doses of each and the ages at which children should receive them. A chart outlining the childhood immunization schedule approved by the American Academy of Pediatrics is included in Section VI.

While not required by law for centers operated under the auspices of religious institutions; the Virginia Department of Health recommends the use of the MCH-213E form (revised

10/03) for documenting immunizations received. The forms may be obtained from the local health department in the area where your center is located.

ALL AREAS OF THE PREMISES ACCESSIBLE TO CHILDREN ARE FREE OF OBVIOUS INJURY HAZARDS

The center must establish and implement procedures to ensure that all areas of the premises accessible to children are free of obvious injury hazards, including providing and maintaining sand or other cushioning material under playground equipment.

Cushioning material is a resilient surface designed to help absorb the shock if a child falls off of equipment. There are several types of surfacing materials that would offer cushioning: loose surfacing materials like bark, wood chips, pine bark nuggets or mulch, pea gravel and compact surfacing like rubber mats or synthetic turf. Some have more advantages than others, but all will need continual maintenance to ensure the optimum level of protection for the children.

Included in Section VI is information on various types of resilient surfacing materials, taken from the Handbook for Public Playground Safety prepared by the U.S. Consumer Product Safety Commission. The chart indicates the maximum height from which a fall could occur and not result in a life-threatening injury to a child, based on whether or not the resilient surfacing is compressed or uncompressed, and the depth of the material. The center must also ensure that areas inside the center are free of obvious safety hazards.

ALL STAFF ABLE TO RECOGNIZE THE SIGNS OF CHILD ABUSE AND NEGLECT

Section 63.2-100 of the Code defines an "abused or neglected child" as "any child less than eighteen years of age:

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates substantial risk of death, disfigurement, or impairment of bodily or mental functions;
2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health. However, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered an abused or neglected child;
3. Whose parents or other person responsible for his care abandons such child;
4. Whose parents or other person responsible for his care commits or allows to be committed any act of sexual exploitation or any sexual act upon a child in violation of the law; or

5. Who is without parental care or guardianship caused by the unreasonable absence or mental or physical incapacity of the child's parent, guardian, legal custodian or other person standing "in loco parentis."

The center shall establish and implement procedures to ensure that all staff members are able to recognize the signs of child abuse and neglect. Contact the child protective services unit in the local department of social services nearest you for additional information and training.

COMPLIANCE WITH SECTION 63.2-1509 RELATING TO REPORTING OF SUSPECTED CASES OF CHILD ABUSE AND NEGLECT

Section 63.2-1509 of the Code states that " any teacher or other person employed in a public or private school, kindergarten or nursery school, any person providing full or part-time child care for pay on a regularly planned basis, . . . any person associated with or employed by any private organization responsible for the care, custody or control of children" who has reason to suspect that a child is an abused or neglected child, shall report the matter immediately to the local department of the county or city wherein the child resides or wherein the abuse or neglect is believed to have occurred or to the Department's toll-free child abuse and neglect hotline. "Any person required to file a report . . . who fails to do so within seventy-two hours of his first suspicion of child abuse or neglect shall be fined . . ."

Contact the child protective services unit of the local department of social services for additional information and training.

COMPLIANCE WITH CHAPTER 3, SECTION 46.2-300 ET SEQ. OF TITLE 46.2 REGARDING A VALID VIRGINIA DRIVER'S LICENSE OR COMMERCIAL DRIVER'S LICENSE

Section 46.2-300, and the Code sections that follow it, require a valid driver's license when operating any motor vehicle on any highway in the Commonwealth. A commercial driver's license is required to operate a vehicle that transports 16 or more persons.

COMPLIANCE WITH ARTICLE 21, SECTION 46.2-1157 ET SEQ. OF CHAPTER 10 OF TITLE 46.2 REGARDING VEHICLE INSPECTIONS

This section of the Code requires that all vehicles be inspected every 12 months and display a current inspection sticker.

COMPLIANCE WITH SECTION 46.2-705 REGARDING INSURANCE FOR VEHICLES USED TO TRANSPORT CHILDREN

Section 46.2-705 of the Code states the following:

"Insured motor vehicle" means a motor vehicle as to which there is bodily injury liability insurance and property damage liability insurance, both in the amounts specified in Section

462-472, issued by an insurance carrier authorized to do business in the Commonwealth, or as to which a bond has been given or cash or securities delivered in lieu of the insurance; or as to which the owner has qualified as a self-insurer in accordance with the provisions of Section 462-368.

Section 462-472 reads as follows:

" Every motor vehicle owner's policy shall:

1. Designate by explicit description or by appropriate reference, all motor vehicles with respect to which coverage is intended to be granted.
2. Insure as insured the person named and any other person using or responsible for the use of the motor vehicle or motor vehicles with the permission of the named insured.
3. Insure the insured or other person against loss from any liability imposed by law for damages, including damages for care and loss of services, because of bodily injury to or death of any person, and injury to or destruction of property caused by accident and arising out of the ownership, use, or operation of such motor vehicle or motor vehicles within the Commonwealth, any other state in the United States, or Canada, subject to a limit exclusive of interest and costs, with respect to each motor vehicle, of \$25,000 because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, to a limit of \$50,000 because of bodily injury to or death of two or more persons in any one accident, and to a limit of \$20,000 because of injury to or destruction of property of others in any one accident.'

COMPLIANCE WITH ARTICLE 13 (SECTION 46.2-1095 ET SEQ.) OF CHAPTER 10 OF TITLE 46.2 REGARDING CHILD RESTRAINT DEVICES

Section 46.2-1095 of the Code states any person who drives on the highways of Virginia any motor vehicle manufactured after January 1, 1968, shall ensure that any child through age five, whom he transports therein is provided with and properly secured in a child restraint device of a type which meets standards adopted by the United States Department of Transportation." The Code also requires that any person transporting any child less than sixteen years old, except those required pursuant to subsection A to be secured in a child restraint device, shall ensure that such child is provided with and properly secured by an appropriate safety belt system when driving on the highways of Virginia in any motor vehicle manufactured after January 1, 1968, equipped with a safety belt system, consisting of lap belts, shoulder harnesses, combinations thereof or similar devices.

COMPLIANCE WITH SECTION 63.2-1724 RELATING TO BACKGROUND CHECKS

Section 63.2-1724 of the Code requires criminal record checks and child abuse and neglect central registry checks for prospective employees or volunteers or any other person who is expected to be alone with one or more children enrolled in the child day center. The checks

and clearances must be obtained within thirty days of employment or commencement of volunteer service. Sworn disclosure statements are also required for prospective employees and volunteers. See Section III for detailed information.

COMPLIANCE WITH SECTION 63.2-1809 REGARDING PROOF OF A CHILD'S IDENTITY AND AGE; REPORTS TO LAW ENFORCEMENT

Section 63.2-1809 mandates that a regulated child day program shall require proof of a child's identity and age as well as information from the person enrolling the child regarding previous child day care and schools attended by the child. If the parent, guardian, or other person enrolling a child in a regulated child day program for longer than two consecutive days or other pattern of regular attendance does not provide the information required within seven business days of initial attendance, the child day program shall immediately notify the local law-enforcement agency of such failure to provide the requested information.

A "regulated child day program" is one in which a person or organization has agreed to assume responsibility for the supervision, protection, and well-being of a child under age thirteen for less than a twenty-four hour period. Child day centers sponsored by religious institutions, which are exempt from licensure pursuant to §63.2-1716 of the Code are "regulated child day programs."

The requirements of this law are applicable to any child enrolled on or after July 1, 1998. The center must require persons enrolling a child in the program to provide information regarding the child's previous child care and school attendance and to present proof of the child's identity and age.

Persons enrolling a child in the center on or after July 1, 1998 must provide information on all previous programs and schools the child has attended, including the names of the programs and schools and their location (city and state), in order to assure proper identification of the programs or schools.

Persons enrolling a child in the center on or after July 1, 1998 must also provide proof of a child's identity and age. Proof of a child's identity and age may include a certified copy of the child's birth certificate, notification of birth (hospital, physician or midwife record), birth registration card, passport, copy of the placement agreement or other proof of the child's identity from a child placing agency (foster care and adoption agencies), copy of the entrustment agreement conferring temporary legal custody of a child to an independent foster parent, school record from a public school in Virginia, or certification by a principal or his designee of a public school in the U. S. that a certified copy of the child's birth record was previously presented.

Viewing the child's proof of identity and age is not necessary when the child attends a public school in Virginia and the center assumes responsibility for the child directly from the school (i.e., after school program) or the center transfers responsibility of the child directly to the school (i.e., before school program). While programs are not required to keep the proof of the child's identity, documentation of viewing this information must be maintained for each

child. Documentation should include the child's place of birth, birth date, birth certification number and date of certificate issuance, if available. **Effective July 1, 2004 the proof of identity, if reproduced or retained by the child day program or both, shall be destroyed upon the conclusion of the requisite period of retention. The procedures for the disposal, physical destruction or other disposition of the proof of identity containing social security numbers shall include all reasonable steps to destroy such documents by (i) shredding, (ii) erasing, or (iii) otherwise modifying the social security numbers in those records to make them unreadable or indecipherable by any means.**

If the person enrolling the child in a regulated child day program for longer than two consecutive days or other pattern of regular attendance does not provide the abovementioned information within seven business days of initial attendance, the regulated program must immediately notify the local law enforcement agency in its jurisdiction. The law enforcement agency will, if available information warrants, submit an inquiry to the missing Children Information Clearinghouse and, with the assistance of the local department of social services, if available information warrants, conduct the appropriate investigation to determine whether the child is missing.

Inability to present the above information within the time frames outlined in the law does not prohibit enrollment or attendance of the child. The program must however, document that the local law enforcement agency was contacted.

SECTION III

BACKGROUND CHECKS

Background Checks

Code of Virginia background check requirements

Section 63.2-1716 of the Code provides that, prior to beginning operation of a religiously exempt child day center, the religious institution must file with the Commissioner documentary evidence of compliance with background checks requirements, as found in Section 63.2-1724 of the Code, for any person who will be expected to be alone with one or more children, except a parent-volunteer as defined below.

After the center is in operation, any religiously exempt center must comply with Section 63.2-1724 of the Code. The Code requires a prospective employee or volunteer or any other person expected to be alone with one or more children enrolled in the child day center, to:

- Provide before working, volunteering, or being alone with one or more children, a sworn statement or affirmation disclosing whether or not the person has ever been:
 - (i) the subject of a founded complaint of child abuse or neglect anywhere, or
 - (ii) convicted of a crime or is the subject of pending criminal charges for any offense within Virginia or any equivalent offense outside Virginia;
- Provide before the end of thirty days after beginning employment, volunteering, or being expected to be alone with one or more children a search of the central registry maintained pursuant to Section 63.2-1515 of the Code on any founded complaint of child abuse or neglect; and
- Provide before the end of thirty days after beginning employment, volunteering, or being expected to be alone with one or more children a criminal record check as provided in subdivision A 11 of Section 19.2-389 of the Code.

(The above provisions do not apply to a parent or guardian who may be left alone with his or her own child.)

Convictions include prior adult conviction and juvenile convictions or adjudications of delinquency based on a crime that would have been a felony if committed by an adult within or outside the Commonwealth. Anyone making a materially false statement regarding any such offense shall be guilty of a Class 1 misdemeanor. Convictions that prevent a person from being employed, volunteering, or being alone with one or more children include:

- 1) crimes identified as barrier crimes, and

- 2) any other felony conviction in the last five years. The list of barrier crimes is attached.

Provisions referring to volunteers apply only to volunteers who will be alone with any child in the performance of their duties and do not apply to a parent-volunteer of a child attending the religiously exempt center whether or not the parent-volunteer will be alone with any child in the performance of his duties. A parent volunteer is someone supervising, without pay, a group of children which includes the parent volunteer's own child, in a program which operates no more than four hours per day, where the parent-volunteer works under the direct supervision of a person who has received the background checks specified in Section 63.2-1724. Parents in programs operating more than four hours a day are considered "volunteers" and must meet the requirements for a "volunteer."

How to obtain background checks forms

A model "Sworn Statement or Affirmation" (032-05-160/5 Revised 2/04) is included in Section V. It may be copied and used. Since the form is a model form, the Department of Social Services will accept different forms that contain the same information as the model form.

A copy of "Virginia Department of Social Services/Child Protective Services Request for Search of the Central Registry and Release of Information Form" (032-02-1515/1) and the procedure for requesting a search is included in Section V. This form may be copied and used, downloaded from the Department of Social Services website at www.dss.state.va.us/family/cps.form. If downloading or copying this form, you must make the form into a 1 page, two-side form or it may be returned by the Child Protective Services Unit. You may also order forms by mailing a request to:

Child Protective Services
Virginia Department of Social Services
7 N. Eighth Street
Richmond, Virginia 23219

A separate form must be completed for each individual whose name is to be searched. This form must be notarized. Incomplete forms will be returned.

The "Name Search Request Form for Criminal History Record and/or Sex Offender and Crimes Against Minors Registry Search" form (SP -230 Revised 7/1/03) may be downloaded from the Virginia State Police website at www.vsp.state.va.us and follow the links for criminal record checks. Two copies of the downloaded form should be sent to the Virginia State Police. For more than two or three requests, the carbonless duplicate forms of the Virginia State Police must be used. The forms may be ordered by telephone at (804) 674-2024 or by fax at (804) 674-2690. A sample form is included in Section V. Please note that only Criminal History Records Checks are required for religiously exempt centers. Sex Offender Registry checks are not required and the crimes in that Registry are included in the Criminal History Records Checks. Incomplete or inaccurate forms will be returned.

Satisfactory background checks explained

A satisfactory sworn statement or affirmation is a fully completed original that states that the person:

- 1) does not have an offense as defined in §63.2-1719 of the Code of Virginia, which includes the list of barrier crimes, or a felony conviction within the last five years; and
- 2) is not the subject of a founded complaint of child abuse or neglect within or outside the Commonwealth.

A satisfactory central registry finding is one in which:

- 1) a copy of the Virginia Department of Social Services' child protective services check form is returned with an indication that, as of the date on the reply, the individual whose name was searched is not identified in the Central Registry of Founded Child Abuse/Neglect Investigations as an involved caregiver with a founded disposition of child abuse/neglect, and
- 2) there is no other knowledge that the individual has a founded disposition in Virginia or elsewhere.

A satisfactory criminal history record check report is one in which:

- 1) an original hard copy or internet inquiry reply from the Virginia State Police is returned to the agency, individual or authorized agent making the request with either no convictions indicated, or if convictions are indicated, no barrier crimes or other felony convictions in the last five years, and
- 2) there is no other knowledge that the individual has a barrier crime, or other felony conviction in the past five years, in Virginia or elsewhere.

Consequences of unsatisfactory background check findings

Potential employees, volunteers, or persons expected to be alone with one or more children are denied employment or volunteer or other service status if there are unsatisfactory background check findings. The Department of Social Services may revoke the religious exempt status of a center if a religiously exempt center does not comply with these requirements.

The religiously exempt center must provide a copy of the information obtained from the central registry or Central Criminal Records Exchange or both to anyone denied employment or service because of information from the central registry or convictions appearing on his criminal history record. Further dissemination of the information provided to the facility is prohibited.

Comprehensive List of Barrier Crimes for Child Welfare Agencies

The Code of Virginia states that convictions of certain felony or misdemeanor crimes prohibit a person from operating or working in a child welfare agency. Attached is the Comprehensive List of Barrier Crimes for Child Welfare Agencies. This includes criminal code sections for barrier crimes covered by "et seq." language. Several of the criminal code citation references use the term "et seq." This means all crimes "that follow." For example, when the law states "assault and bodily wounding as set out in article 4 (§18.2-51 et seq.)," then all sections that follow §18.2-51 in article 4 are included. Therefore, each crime listed between §18.2-51 through §18.2-57.2 would be a barrier crime.

If you have questions about barrier crimes or are uncertain if a conviction is a barrier crime, please contact the field licensing office.

The Code of Virginia is available via the Internet. Use the following directions to get to the criminal code section of the Code of Virginia page of the Commonwealth of Virginia web site:

Or if you know the Code citation, enter that information on the Code of Virginia Homepage as the search phrase.

Citations for Barrier Crimes for Child Welfare Agencies

Code citations include felony and misdemeanor convictions. These misdemeanor convictions are barriers, unless the code specifically states "only felony violations." The Code of Virginia §63.2-1719 specifies "only felony violations" for §18.2-60.3, stalking and Chapter 7, Article 1-Drugs (§ 18.2-247 et seq.).

The child day center or family day home shall also require the above individuals to provide a sworn statement or affirmation disclosing whether or not the person has ever been (i) the subject of a founded case of child abuse or neglect or (ii) convicted of a crime or is the subject of any pending criminal charges within the Commonwealth or any equivalent offense outside the Commonwealth. Any person making a materially false statement regarding any such offense shall be guilty of a Class 1 misdemeanor. If a person is denied employment or work because of information from the central registry or convictions appearing on his criminal history record, the child day center or family day program shall provide a copy of such information obtained from the central registry or Central Criminal Records Exchange or both to the person. Further dissemination of the information provided to the facility, beyond dissemination to the local department, is prohibited.

PROCEDURES FOR CENTRAL REGISTRY SEARCHES

A search of the Central Registry of Founded Investigations for purposes other than a child protective services investigation will only be completed:

- Upon receipt of a notarized signature of the individual whose name is being searched authorizing release of such information;

or

- A court order specifying a search of the Central Registry.

Information will be released ONLY on individuals who have a founded abuse/neglect complaint. Information will not be released on any active child abuse/neglect investigation that has a disposition of pending. In addition, if the individual has filed a valid appeal, the results of the search cannot be revealed until all administrative appeal rights have been exhausted and the founded disposition has been upheld.

1. Requesting a Search:

A Child Protective Services Request for Search of the Central Registry and Release of Information form (032-02-1515/1) should be submitted to the Child Protective Services Unit of the Virginia Department of Social Services for each individual for whom a search is requested. Requests must be accompanied by a \$5.00 money order, company check/business check or cashier's check payable to the Virginia Department of Social Services. Cash should not be sent. Incomplete forms, requests not accompanied by a proper check or money order, or forms on which the signature has not been properly notarized, will be returned unprocessed.

2. Results of the Search:

A. If the name being searched is not located in the central Registry, notice of such will be transmitted to the requesting party.

B. On occasion, additional information may be needed to determine if the name has been located in the Central Registry. Name changes, differences in spelling of names, address changes, incomplete or inaccurate recording of birth dates, information dating from the 1970's and structural changes of the Central Registry through the years, all contribute to the difficulties encountered in completing searches of the many names contained in the Central Registry. If supplemental information is needed, a request for such information will be made, and following receipt of the additional information, the search will be completed.

C. If the name being searched is located in the Central Registry, the Virginia Department of Social Services (VDSS) staff will contact the local department

of social services that was responsible for the investigation which resulted in the name being entered in the Central Registry and:

1. The local department will verify that the information is correct or, in cases where there is a discrepancy, will correct the information.
2. The local department will send verification that the client was notified of his/her right to appeal, and:
 - a. The Virginia Department of Social Services (VDSS) staff will notify the authorized agent that the name of the individual being searched has been located in the Central Registry. The local department of social services and the individual being searched will receive a copy of the notification.
 - b. The local department of social services will release appropriate information to the authorized agent upon receipt of their request.
3. If the local department of social services cannot produce documentation that the client was notified of his/her appeal rights, VDSS will contact the local department to review the case.
 - a. If the individual's name remains in the Central Registry, VDSS will return the form to the authorized agent indicating that the name is listed in the Central Registry. A copy of this form will be sent to the individual whose name was searched and to the local department responsible for the name being entered into the Central Registry.
 - b. If the individual contacts the local department of social services regarding his/her name entry into the Central Registry, the local department of social services shall provide the individual with the requested information that is available to them under the Privacy Protection Act of 1976, and provide a copy of the appeal procedures to the individual.
 - c. If the individual decides to contest the finding(s), the local department of social services can either grant a local conference or forward the appeal request to the State Hearing Officer. The State Hearing Officer will determine the validity of the request for a hearing.

Should the appeal result in a different disposition, the authorized agent will be notified of the new status of the individual's name entry by Central Registry staff.

SECTION IV

ON-SITE VISITS AND INSPECTIONS

ON-SITE VISITS AND INSPECTIONS

Section 63.2-1716 of the Code of Virginia states licensing staff may perform on-site inspections of religious institutions/centers sponsored by religious institutions to confirm compliance with the provisions of the Code and to investigate complaints that the center is not in compliance with the provisions of the Code.

Announced visits or inspections will be made upon a request for consultation or when the exemption information submitted indicates a centers need for assistance in complying with the law. Unannounced inspections will be made to conduct complaint investigations.

During on-site compliance determination inspections, licensing staff will evaluate the centers compliance with those items outlined in the Code. The Code requirements relate to the health and safety of children and do not include the center's program content or philosophy.

Section 63.2-1728 of the Code states that upon receipt of a complaint concerning the operation of an assisted living facility, adult day care center or child welfare agency, regardless of whether the program is subject to licensure, the Commissioner shall for good cause shown, cause an investigation to be made, including on-site visits as deemed necessary, of the activities, services, records and facilities. The facility must afford licensing staff reasonable opportunity to inspect all of the activities, services, records and facilities, and to interview is agents and employees and any child or other person within its custody or control. "For good cause shown" means that the complaint addresses issues covered under § 63.2-1716 of the Code and the complaint, on its face or in the context of information known to licensing staff, discloses no evidence that the complaint was brought to harass, to retaliate, or otherwise to achieve an improper purpose, such that the improper purpose casts serious doubt on the veracity of the complaint.

COMPLIANCE PLAN

A Compliance Plan will be developed with the center when noncompliance with Code requirements is found. The center will be asked to provide a written description of the actions that will be taken to correct the areas of noncompliance and to provide a date by which time corrections will have been made.

The completed Compliance Plan must be signed and dated by licensing staff and a center representative. A copy of the plan is left on-site for center files.

If the center wants further discussion of the findings outlined in the plan, a conference with the licensing inspector and his/her supervisor may be requested. The request should be made within one week of the exit interview.

In addition to the information noted on the Compliance Plan, documentation of the following may be noted by staff during the on-site visit:

- Positive aspects of the facility;
- Corrective action taken during the visit;
- Consultation provided; and
- Consultation requested.

PROBLEM-SOLVING CONFERENCES

If center representatives believe that the laws have been applied or interpreted in a manner that is unreasonable, and the issue cannot be resolved with the assigned representative, the facility may request a problem-solving conference. The informal conference steps outlined below are available.

The religiously exempt center director may request either a desk review by, or a meeting with, the assigned representative's immediate supervisor.

A. If the request stems from a desire to contest the findings of an on-site visit, the following procedures shall apply:

1. The director must make the request within 15 days of receiving the Compliance Plan.
2. The request shall specify the contested finding(s) or conclusion and must specify whether a desk review or conference is being requested.
3. The request shall include the director's reasons for contesting the findings or other evidence supporting the request for a review or a conference.

B. The first step an informal review or conference will be held at the supervisor's office unless the supervisor designates a different location. The following procedures apply:

1. The supervisor shall report the findings of a desk review in writing within 10 days of receiving the request and supporting materials or shall hold the requested conference within 30 days of receipt of such request and materials.
2. When the request is for a conference, the supervisor shall, within 10 days following the conference, confirm to the director in writing the results of the conference and any subsequent decisions made by the supervisor. If, after the first step review, you believe that the laws, regulations, or departmental policies have been applied or interpreted in a manner that was unreasonable,

arbitrary, or capricious, you may request a second step review by program supervisory personnel as assigned by the Director of Licensing Programs.

A. A second step informal review shall not be requested to challenge the content of an established law, regulation or policy. However, the application of a law, regulation or policy may be challenged.

B. When second step problem-solving conferences are requested, the request must be in writing and must specify whether the director is requesting a desk review or a conference. Conferences shall be held in the region in which the religiously exempt center is located or in Richmond, as designated by the Director of Licensing Programs; the designated location shall be as close to the center as possible.

C. The second step problem-solving request shall:

1. Be made within 15 days of the date of the first step response;
2. Specify the reason for requesting the second step informal review and include such information, explanation, or additional materials as necessary to support your belief that the decision reached at the first step was unreasonable, arbitrary, or capricious; and
3. Include a copy of relevant material and correspondence developed at the first step of the problem-solving conference.

D. Within 30 days of receipt of this request, the Director of Licensing must respond in writing or schedule the conference.

E. When the request is for a conference, the designated staff shall, within 10 days following the conference, confirm to the facility director in writing the results of the conference and any subsequent decisions made by program management staff.

Summary of Rules for Childhood Immunization

§ 32.1-46 of the *Code of Virginia* - Immunization of children against certain diseases; authority to share immunization records.

A. The parent, guardian or person standing in loco parentis of each child within this Commonwealth shall cause such child to be immunized by vaccine against diphtheria, tetanus, whooping cough and poliomyelitis before such child attains the age of one year, against *Haemophilus influenzae* type b before he attains the age of thirty months, and against measles (rubeola), German measles (rubella) and mumps before such child attains the age of two years. All children born on or after January 1, 1994, shall be required to receive immunization against hepatitis B before their first birthday. All children shall also be required to receive a second dose of measles (rubeola) vaccine in accordance with the regulations of the Board. The Board's regulations shall require that all children receive a second dose of measles (rubeola) vaccine prior to first entering kindergarten or first grade and that all children who have not yet received a second dose of measles (rubeola) vaccine receive such second dose prior to entering the sixth grade. All children born on or after January 1, 1997, shall be required to receive immunization against varicella zoster (chicken pox), not earlier than the age of twelve months. Children who have evidence of immunity as demonstrated by laboratory confirmation of immunity or a reliable medical history of disease are exempt from such requirement. After July 1, 2001, all children who have not yet received immunization against hepatitis B shall receive such immunization prior to entering sixth grade.

The parent, guardian or person standing in loco parentis may have such child immunized by a physician or registered nurse or may present the child to the appropriate local health department, which shall administer the required vaccines without charge.

B. A physician, registered nurse or local health department administering a vaccine required by this section shall provide to the person who presents the child for immunizations a certificate which shall state the diseases for which the child has been immunized, the numbers of doses given, the dates when administered and any further immunizations indicated.

C. The vaccines required by this section shall meet the standards prescribed in, and be administered in accordance with, regulations of the Board

D. The provisions of this section shall not apply if:

1. The parent or guardian of the child objects thereto on the grounds that the administration of immunizing agents conflicts with his religious tenets or practices, unless an emergency or epidemic of disease has been declared by the Board, or
2. The parent or guardian presents a statement from a physician licensed to practice medicine in Virginia which states that the physical condition of the child is such that the administration of one or more of the required immunizing agents would be detrimental to the health of the child.

E. For the purpose of protecting the public health by ensuring that each child receives age-appropriate immunizations, any physician, licensed institutional health care provider, local or district health department, and the Department of Health may share immunization and child locator information, including, but not limited to, the month, day, and year of each administered immunization; the child's name, address, telephone number, birth date, and social security number and the parents' names. The immunization information; the child's name, address, telephone number, birth date, and social security number, and the parents' names shall be confidential and shall only be shared for the purposes set out in this subsection.

* This product was referred to as Wood Mulch in previous versions of this handbook. The term Wood Chips more accurately describes the product.

** This product was referred to as Uniform Wood Chips in previous versions of this handbook. In the playground industry, the product is more commonly known as Engineered Wood Fibers.

*** This data is from tests conducted by independent testing laboratories on a 6 inch depth of uncompressed shredded tire samples produced by four manufacturers. The tests reported critical heights which varied from 10 feet to greater than 12 feet. It is recommended that persons seeking to install shredded tires as a protective surface request test data from the supplier showing the critical height of the material when it was tested in accordance with ASTM F1292.

NOTES: Critical Height for a surfacing material is defined as the maximum height from which the instrumented metal head-form, upon impact, yields both a peak deceleration of no more than 200 G's and a HIC of no more than 1,000 when tested in accordance with the procedure described in ASTM F1292. Therefore, the Critical Height of a surfacing material can be considered as an approximation of the fall height below which a life-threatening head injury would not be expected to occur. The surfacing material used under and around a piece of playground equipment should have a Critical Height value of at least the height of the highest designated play surface on the equipment. This height is the fall height for the equipment.
